Widratting is still the big thing in this part of the country and there are many holes being punched in northern Louisiana. Buying activities are not so much in evidence as the holidays. The reason for this is on account of the number of failures which have been located and the failure to get any results from wild-cale.

There are from tive to 10 wells, extremely wildcat ones, going down in practically every parish in northern Louisiana and some good results are going to be obtained within the near future.

Home is till furnishing some nice big producers but as yet no pips lines are available to handle the oil and until that time there is not going to be obtained within the near guilts. Directors Had Good Time Directors Had Good Time.
The directors of the inklahoma
Natural Gas company, who held a
meeting Wednesday, were here at
a good time to get some first hand
information as to the situation. The
shortage of gas was not quite a
noticeable as the day before, but at
that the supply was inalequal; and
the directors seemed to think it a
great loke on the management and
the directors that the motion; Wanted—Benny
with first connected gas engine must be in good working condition
